PROFESSIONAL SUMMARY

Highly driven B.Sc. IT graduate with a strong foundation in full-stack web development and software engineering. Experienced in creating scalable, user-focused applications, including a web-based platform with authentication, scheduling, and product management features. Skilled in HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, and familiar with C++, Java, and Python (Django). Known for strong problem-solving skills, clear communication, and a solution-oriented mindset.

INTERNSHIP

Python Full-Stack Developer Intern

OneTeam Kochi (June 2025 – Nov 2025)

- Collaborated with the development team to implement new features and improve UI/UX across Djangobased modules.
- Assisted in writing clean, reusable, and optimized code while following industry-standard best practices.
- Contributed to database structuring and API integration, ensuring smooth communication between frontend and back-end components.

SKILLS

- **Programming Languages:** Python (Django), Java, C++, PHP
- **Frontend:** HTML, CSS, JavaScript, Bootstrap, React
- **Database:** MySQL
- **Tools & Platforms:** VS Code,GitHub, Postman, MS Word

PROJECTS

BMS – Blood Management System

• Developed a full-stack web platform to manage blood donors and distribution using Django and MySQL, improving donor matching and reducing inventory shortages.
• Implemented secure authentication, real-time inventory tracking, and an admin dashboard for efficient blood request management.

Personal Finance Tracker

• Developed a Personal Finance Tracker for expense tracking, budget management, and financial analysis using Django REST Framework, React, and MySQL.
• Designed RESTful APIs with JWT authentication and interactive charts for real-time financial insights.

Chat Box Application

• Built a one-to-one real-time chat application using Django, Django REST Framework, React, and WebSockets for instant messaging.

• Implemented message status indicators (sent/seen), JWT-based authentication, user search by username, and responsive chat UI design.

EDUCATION

Bachelor of Science in Information Technology (2022-2025)

Siena College of Professional Studies, MG University
